

THINGS OUT OF PLACE: LITTER CLEANUP CHALLENGE

Student Name:

General Information:

- Number of people in the group:
- Time spent cleaning up:
- # of bags of trash collected:
- # of bags of recycling collected:

Before you complete the litter cleanup, make an educated guess. What types of litter do you think you will find?

Where did you find the most litter?

How do you think the litter ended up where you found it?

What would have happened to this litter if you did not collect it?

What could you and your classmates do to help reduce the litter around your school/neighborhood?

Tally
